

THE JOURNAL OF NEMATOLOGY

The Official Publication of the Society of Nematologists

PAGE PROOF CORRECTIONS

INSTRUCTIONS TO AUTHORS

You were recently contacted by Sheridan press to inform that the page proofs for your paper in *Journal of Nematology* were ready for you to review and correct as necessary. Please follow Sheridan's instructions to access your page proofs in Portable Document Format. It is extremely important that authors return corrections as quickly as possible, ideally within 48 hours. Communication should be to the *JON* Editor-in-Chief (David Bird) or Technical Editor (Reenah Schaffer).

Correcting page proofs.

If you have no changes to make on the page proofs, e-mail Reenah (reenah@unity.ncsu.edu) to say that they are "acceptable as is." If you have changes, it is imperative that you clearly articulate what changes are needed. Please print the relevant pages and mark the changes on them. Either scan and e-mail the completed forms, or fax them to Reenah. Only fax pages that have changes (and do say how many pages are being sent). As well as sending marked-up pages, please also describe the changes, either in an e-mail, or in a fax. Please be clear. Mark all corrections in both the text and margins of the page proofs. It must be clear to the Editor-in-Chief, the Technical Editor and the press what changes are wanted and their locations. Respond to all queries on proofs; unless queries are addressed to someone else, they are intended for authors. **Do not delay returning the corrected page proofs. They should be returned within 48 hours of receipt.** If for any reason there is a delay, contact Reenah Schaffer.
